

Fun Food for Kids takes the guesswork out of finding family-friendly places to eat when you're traveling. Whether you're looking for a great spot for breakfast, the best place to get picnic supplies, a quick snack on the run, somewhere to relax after a long day, or a really special restaurant for a splurge, you can find the right place, where and when you need it.

The city is divided into five separate chapters, so it's easy to find eating places in different sections of San Francisco. Just point the hand in the PDF reader at the links below, and you'll easily jump from chapter to chapter.
